Resurvey of a Portion of the Subdivisions of

Fractional T. 29 S., R. 61 E.

Chains.	
	The survey was executed with a light-mountain solar transit, made by Buff & Buff, Serial No. 10125, constructed in accordance with the standard specifications of the General Land Office, The instrument, also test of solar attachment on a meridian established by an hour angle observation of Polaris, are described in the field notes of the Portion of the California-Nevada State Boundary, resurveyed under this group.
	The directions of the resurveyed lines were determined by the solar transit method. At each point of intersection with the state boundary the direction of the closing line was verified by deflection from the line of the state boundary. The measurements were made with a Dietzgen steel tape 5 chs. in length, graduated every link for the first 100 lks. and the balance at intervals of 10 lks. The tape was tested by comparison with a Lufkin standard and found correct. The measurements were made on the slope the vertical angles were determined by transit or clinometer in good adjustment; the field notes show the horizontal equivalents.
	From the cor. of secs. 25,30,31 and 36, on E. bdy. of Tp.
	West on a random line bet. secs. 25 and 36.
40.00	Find no trace of the original ¼ sec. cor. Set temp. cor.
80.00	Find no trace of the original cor. of secs. 25, 26, 35 and 36, Set temp. cor.
	Continue line and measurement, west bet. secs. 26 and 35.
14.16	Intersect the Von Schmidt California-Nevada State line, at a point from which the 575 mile cor. bears S.45°47' E., 12.44 chs. dist.; an iron post, 2 ins. diam., 10 ins. above ground, firmly set, marked and witnessed as described in the official record.
20.00	Find no trace of the original ¼ sec. cor.
23.50	Find no trace of the original closing cor. of frac. secs. 26 and 35.
	From the cor. of secs. 19,24,25 and 30, on E. bdy. of Tp.
	West, on a random line bet. secs. 24 and 25.
39.78	Find no trace of the original ¼ sec. cor. Set temp. cor.
79.56	Find no trace of the original cor. of secs. 23,24,25 and 26. Set temp. cor.
	Continue line and measurement, west bet. secs. 23 and 26.
119.56	Find no trace of the original ¼ sec. cor. Set temp. cor.
160.10	A point 8.20 chs. N. of the original cor. of secs. 22,23, 26 and 27.
	Thence from cor.
	West on a random line bet. secs. 22 and 27.
40.00	Find no trace of the original ¼ sec. cor.

adjacent on West to T. 29 S., R. 61 E.
