Survey N°2320

Note

The disagreements between these field-notes and the amended location certificates, of the, Lucky Dog, Huntch Bell N°9, Huntch Bell Fraction N°11, Jackass, Huntch Bell N°10, Huntch Bell N°6, Huntch Bell N° 5, Huntch Bell N°3, Huntch Bell N°1, Huntch Bell N°4, and the location certificate of the Red Flag Fraction N°2 lodes are due to errors in the latter, especially as to the course of the end lines and the discription of the location work of the Jackass lode, which is a cut instead of a shaft, and the length of the west end line of the Huntch Bell N°3 lode, this survey being made to conform to the stakes as they actually existed on the ground
