4.5 ft. wide, 15 ft. long to end. Value $100.

No. 2 A shaft which bears from cor. No. 4 N. 85° W. 295 ft. 4x6 ft. 90 ft. deep. Value $1000.

Other Improvements
None

Instrument

This survey was made with a Gurley Light Mountain Transit. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with a 400 ft. steel tape.

Note: The disagreements between these field-notes and the amended location certificate as to courses and lengths of the boundary lines are due to errors in the latter

Report.

The corners of Survey No. 2273 Monarch et al. lodes were found in place, being pine posts 4½ ft. long, 4 ins. square, set 1.5 ft. in the ground with mound of stones, properly marked.

The S.W. cor sec. 32. Tp. 28 S. R. 43 E. M. D. M. is a stone 4x7 ins. standing 9 ins above ground in mound of stone and chiseled IIIII on east and I on west faces.

No local ties from corners to permanent objects were available
