OTHER IMPROVEMENTS.

None.

INSTRUMENT.

The survey of this claim was made with a C.L. Berger and Son's transit. The distances were measured with a 500 ft. steel tape. The courses were deflected from the true meridian as determined by direct solar observations.

REPORT.

The lines of this claim and the connection to the corner of the Public survey were run upon the ground.

The East 1/4 Cor. Sec. 8, T.16N. R.62E. M.D.B. and M. is a granite rock 5 x 10 ins. 1 ft. out of the ground marked 1/4 on the West face.

The N.E. Cor. Sec. 8, T.16N. R.62E. M.D.B. and M. could not be found.
