4. Retracement bet. secs. 6 and 7, T. 36 N., R. 70 E.

Chains.	
	September 10, 1914: At 9h.10m., a.m., l.m.t., I set off 41°02'N. on the lat. arc; 5°07'N. on the decl. arc; and determine a meridian with the solar, at the cor. of secs. 1, 6, 7, and 12, heretofore described.
	The line bet. secs. 6 and 7, passing over cliffs over which it is practically impossible to chain, I run
	North, 6.50 chs.
	Thence I run
	East on an offset line, on a retracement of the line bet. secs. 6 and 7.
	Ascend steep, W. slope of Pilot peak, over slide rock.
40.00	Being very rough country I do not run S. in search of ¼ Cor.
80.20	The cor. of secs. 5, 6, 7, and 8, bears S. 6.73 chs., 2410 ft. above the above sec. cor. Cor is a quartzite rock, 18x14x14x6 ins., set in md of rock, mkd. and witnessed as des. by S.G.
	Therefore, the length of the line bet. secs. 6 and 7 is 80.20 chs., and the bearing is S.89°50'E.
	September 10, 1914.
