GENERAL DESCRIPTION

Township 3 South, Range 69 East is located about 6 miles ESE. of Panaca, Nevada. The elevation varies from about 6,000 to 7,300 feet above sea level. Blue Mountain is located in the south central portion of the township; the remainder of the terrain is rolling.

The soil consists of a shallow heavy clay and gravel with rock outcroppings. There is a dense growth of juniper and pinon timber covering the township. Miller Spring is located in sec. 24 and an unnamed spring is located in sec. 16. There is an abandoned mine located in sec. 31.

There are no residents in the township.
