

The cross-cuts continued in their present courses will cut the veins of the several locations at great depth whereby one system of workings and one plant of machinery, the entire claim can be advantageously and economically developed; an undivided one-third interest in this improvement is credited to each lode of this claim.

-----  
OTHER IMPROVEMENTS.

The other improvements on this claim consist of a shaft house and plant of machinery at improvement No. 1 Surprise Gold Mine. A shaft house and hoisting plant of machinery at improvement No. 3 on the Gavelan Gold Mine.

-----  
 The discrepancies existing between this survey and the location certificates are due to errors in the latter.

-----  
INSTRUMENT.

This Survey was made with a Buff and Berger Transit No. 2. The courses were deflected from the true meridian as determined by an observation on Polaris at culmination. The distances were measured with 100 ft. and 500 ft. Steel Tapes.

-----  
R E P O R T.

After diligent search, quarter corner to Sections 34 and 35, Tp. 28-S., R. 63-E., M.D.M. could not be found.

The Government Section Corner reported in this Survey as S.E. Cor. Sec. 34, Tp. 28-S., R. 63-E., M.D.M. is a rock 12 x 12 ins., set in a mound of earth and stone, chiseled 2 notches E., 4 W., and 6 S.
