BLM ANNOUNCES RESOURCE ADVISORY COUNCIL MEETING

The Bureau of Land Management (BLM) is holding a Northeastern Great Basin Resource Advisory Council (RAC) meeting on June 19, 2003, at the BLM Ely Field Office, 702 North Industrial Way Ely, Nevada. The meeting will begin at 9:00 a.m.

Topics to be discussed at the meeting include Noxious Weeds, Grasshoppers, and Mormon Cricket Update; Vegetation Draft Guidelines; Ely Field Office Resource Management Plan, Sustaining Working Landscapes; Mining Update; Baca Land Disposals; and California National Historic Trail Interpretive Center,

The Federal Land Policy and Management Act directs the Secretary of the Interior to involve the public in planning and discussion of issues related to management of BLM administered public lands. The three Resource Advisory Councils in Nevada accommodate this community participation directive. The Councils' membership represent interests in mining, environmental, wild horse and burro, Native American, livestock, state agencies, and elected officials.

The RAC provides advice and recommendations to the BLM on land use planning and management of the public lands. Meetings are open to the public and public comment periods are included in each meeting. This forum provides an excellent opportunity for people to ask questions of the citizen-based advisory council or to make comments that may assist RACs in their planning efforts. The public comment period will begin at 1:30 p.m. on June 19th.

For more information about the RAC meeting, contact Mike Brown at the BLM Elko Field Office, (775) 753-0386.
