Our office has received a SRP application from the Nevada Desert Racing Association (NDRA), to conduct an all-terrain vehicle (ATV) & motorcycle race in the Jean/Roach Dry Lakes Special Recreation Management Area on February 21, 2004

The start/finish line, spectator area, and pits will be located on an existing disturbed area sizable enough to accommodate the proposed use with limited disturbance anticipated. Portable toilets will be located at the staging area to accommodate the anticipated 80 entrants and approximately 200 event-related families and friends. All spectators would be limited to the pit and start/finish areas only.

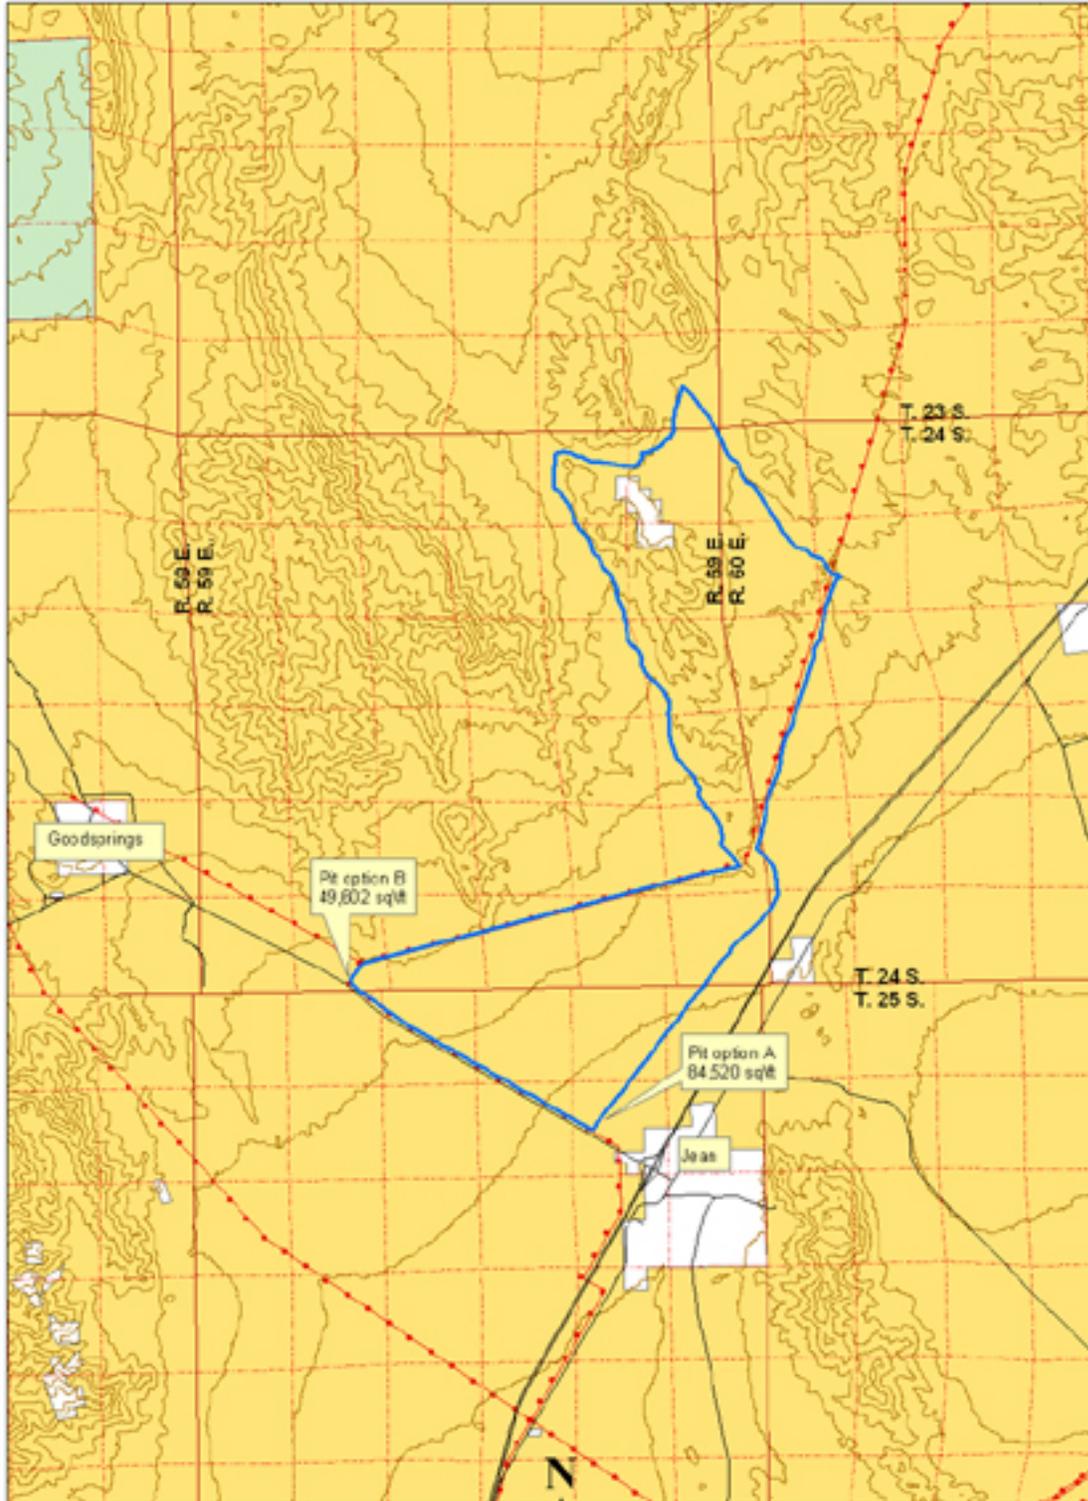

The proposed event consists of two races. ATV's will race first during the morning/noon hours of 8:00 am to 12:00 pm. Motorcycles will then race from 1:00 pm to 5:00 pm over the same course. The total length of the race course is approximately 24 miles. All race participants would be required to complete 4 laps for a total of 96 miles to finish.

Southern Nevada Emergency Response Volunteer Association (SNERVA) will be on-site to provide emergency medical services, and BLM monitors would ensure permit compliance.
