

Permit Number: NV-050-04-034
Applicants Name: Sports Car Club of America
Proposed Date of Activity: February 28, 2004
Location of Activity: Jean dry lake bed
BLM Contact: Robert Wandel (702) 515-5120

Description of Activity:

The Sports Car Club of America (SCCA) is proposing to host a rally cross race on the Jean dry lake bed. The purpose of the event is to race a course through cones on the dry lake bed and the fastest time receives a prize. There will be approximately 30 participants and no spectators. The SCCA will provide for portable sanitation. They will use the Knight Ranch roads as access to the dry lake bed. The event will be cancelled if the lake bed is muddy or wet enough to cause deep ruts in the lake bed. The vehicles being used are all-wheel drive or two wheel drive cars that use street legal dirt tires. Usually these tires do not have tire tread designs that cause large amounts of soil displacement like other off-road races. The race course is a modified oval.

Legal Description:

T. 25 S., R. 60 E., Section 10.
