Observation 2

At 2 h. 48 m. 24 s., P.M., apparent time.

Altitude = 51° 52' 30"

Horizontal angle (reference to right to sun) = 227° 22' 30"

From these observations I calculate the bearing of a reference stake, firmly set, centered with a tack 5.00 chs. dist. from my station as (1) N. 29° 56' 17" E., and (2) N. 29° 56' 18" E.

The mean of these observations is N. 29° 56' 18" E., and to the corresponding meridian all courses of

this survey are referred.

Mean Magnetic Declination = 17° 01' E.

BEGINNING AT COR. NO. 1 of this survey, identical with Cor. No. 1 of the listing survey, which is a granite rock, 30 x 12 x 12 ins., firmly set in a mound of stone, mkd. and witnessed as described by the Surveyor General, in place of which I set a granite stone, 32 x 10 x 8 ins., 22 ins. in the ground, over a piece of iron, 6 x 5 x 1/2 ins., for Cor. No. 1 of this survey, mkd. 1-HES-171 on the side facing the claim, and a cross (x) on top. No bearings, therefore dig pits, 24 x 24 x 12 ins., crosswise on line S. 6° 40' W., and N. 89° 12' W., 7 ft. dist., and raise a mound of earth and stone, 4 ft. base, 2 ft. high, 3 1/2 ft. dist., SW. of corner.

I destroy the witness for the listing corner.

The cor. of Secs. 13, 18, 19, and 24, T. 15 N., Rs. 46 and 47 E., (Resurveyed in H.E.S. No. 170, unapproved)
