

AMENDED SURVEY NO. 1832.

and William Toyn are one and the same person.

REPORT.

- 1st. The nearest section corner that I could find, and from which connection with this survey was made, is the N. W. Cor. of Section 2, T. 26, N. R. 53 E. M. D. M., and was enabled to locate it from notes furnished me by County Surveyor, and the U. S. Surveyor General's office. Found the cedar post of original survey, set in mound of rocks by the County Surveyor. Post scribed IV. V. VIII. IX. T. XXVI. N. R. LIII. E. No trace of original pits to be found, but corner checks with topographical notes of original Survey.
