

Survey No. 2899.

3.

Feet .

## EXPENDITURE OF FIVE HUNDRED DOLLARS.

I hereby certify that the value of labor and improvements upon this claim placed thereon by the claimant and his grantors is not less than five hundred dollars and that said improvements consist of:

No.1. The discovery cut, the mouth of which is at the discovery post, 4 ft. wide, 6 ft. deep, running N.61° 15' E. 15 ft. to mouth of tunnel, thence in tunnel 4x6 ft. same course 15 ft. to breast, in solid rock.

Value \$150.00

No.2. A tunnel, the mouth of which bears from Cor.No.4 N.9° E. 350 ft., 4x6 ft. running N.15° E. 75 ft. to breast in solid rock.

Value \$700.00

## OTHER IMPROVEMENTS.

None.

## INSTRUMENT.

This survey was made with a Gurley Light Mountain Transit, the courses were deflected from the true meridian as determined by direct solar observation.

The distances were measured with a 100 and 500 ft. steel tapes.

## NOTE.

The disagreements between these field notes and the location notice are due to errors in the latter.

## REPORT.

The Cor. common to Secs. 31 and 32 T. 44 N., R. 52 E. and Secs. 5 and 6 T. 43 N., R. 52 E. is a mound of rock with no marked stone or post. This corner was identified by retracing the lines North, South, East and West. The distances and alignment agree with notes on file in the U.S. Surveyor General's Office. A juniper tree 16 ins. in diameter bears S.53 W. 23 ft., which I blazed and scribed BTS 6, 43-52.
