mound scribed 4-2717.

St. Cloud, Itasca and Dora lodes. This tunnel was
drilled out the territory of the Minnesota lode to a con-
siderable depth, exploring and developing the same in an
advanced and advantageous manner. The tunnel was
from the tunnel running north, will prospect and explore
the territory of the Itasca, St. Cloud, and Yellowstone
lodes in an advanced manner. An undivided portion
of this tunnel's value \$500.00 is ascribed to
each the Minnesota, St. Cloud, Itasca and Yellowstone

OTHER IMPROVEMENTS
A building the N.E. corner of which bears from Cor.
No. 4, Yellowstone lode, S. 87° W. 130 ft. 24x68 ft.
The course of lode, as it runs, has been set on west
Course of lode, as it runs, has been set on west
cable run the line
Claimant herein.

INSTRUMENT
This survey was made with a Bull and Berger No. 4
transit of 12 1/2 in. diameter, read 12
The courses were deflected from the true meridian as
determined by direct solar observation.
The distances were measured with 500 ft. steel tape.

NOTES
The discrepancies between these field notes and the
amended location certificates are due to errors in the
latter.
