

SURVEY NO. 4193-Continued.

LAKE VIEW LODE-Continued.

No. 7. A shaft which bears from Cor. No. 5, S. 53° 58' W. 455.6 ft., 4 x 6 ft., 8 ft. deep.

Value, \$80.

No. 8. A shaft which bears from Cor. No. 5, S. 52° 15' W. 443.5 ft., 4 x 6 ft., 10 ft. deep.

Value, \$100.

No. 9. A shaft which bears from Cor. No. 5, S. 44° 23' W. 551.72 ft. 6 x 8 ft., 4 ft. deep.

Value, \$400.

No. 10. A shaft which bears from Cor. No. 5, S. 43° W. 570.47 ft., 6 x 8 ft., 11 ft. deep.

Value, \$110.

OTHER IMPROVEMENTS.

There are no other improvements.

INSTRUMENT.

This survey was made with a Buff and Berger mining transit No. 2289. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with 100-ft. and 500 ft. steel tapes.

REPORT.

The lode line of the location of this claim was run directly upon the ground, and the several corners established by means of offsets from the lode line. All tie lines were run directly upon the ground.

This claim is located on the North slope of and near the summit of White Horse Mountain. the surface embraced by the claim falls uniformly to the North West.

Note-- The disagreements between these field notes and the amended location certificate of the Lake View lode with regard to the courses of the vein, the courses of the boundary lines and the situation of the discovery shaft are due to errors in the latter.

The NW. Cor. Sec. 14, T. 21 N., R. 23 E., of M. D. B. and M. is an andesite stone, chiseled with four notches on the South face and two notches on the East face. Near and West of it is a mound of stone.
