

FEET

This survey was made with a Wild T1-A Theodolite transit, horizontal and vertical angles read direct to 20 seconds and can be estimated to 5 seconds. The instrument was in good condition at the time of the survey and all adjustments were in good order.

The direction of lines of this survey were determined by sustained angulation forward from line "H" to "Peavine", U. S. Geological Survey stations with an azimuth of $127^{\circ}42'37.144''$. Station "H" is located near the middle of Moly 11 lode claim of this survey.

All the ties of this survey are made to the standard corner of T. 6 N., Rs. 41 and 42 E., M.D.M., which is N.P.D. Station "Liberty", latitude $38^{\circ}19'39.336''$ N., and longitude $117^{\circ}18'47.042''$ W.

The lines were measured with a new steel tape 300 feet long with an extra foot before the zero and the last foot graduated into 10ths and 100ths, the remainder of the tape at 1 foot intervals.

All lines and connections were run by direct methods.

The magnetic declinations observed at each corner of the survey gave a uniform value of 17° E.

LEE NO. 1 LODE

At Cor. No. 1 of the Lee No. 1 lode, identical with Cor. No. 1 of the Lee No. 2 lode of this survey.

Set an iron pipe, 36 ins. long, 1 in diam., 18 ins. in the ground, in a mound of rock, with brass cap mkd. L-1-1-L-2-1-4883; from which

The standard corner of T. 6 N., Rs. 41 and 42 E., bears N. $72^{\circ}00'20''$ W., 6903.00 feet dist.; a deteriorated cedar post $3\frac{1}{2}$ ins. wide, $1\frac{1}{2}$ ins. thick, 3 ft. long, with 6 notches on one corner; a $\frac{1}{2}$ in. pipe is set at the base of the post, in a mound of rock.

There are no bearing trees or objects near.

Thence S. $63^{\circ}48'$ E.,

274.00 Center of a cut, bears N. 39° E., and S. 39° W.

830.00 Top of high ridge, bears N. 48° E., and S. 48° W.

980.00 Gully, course S. 15° W.

1500.00 Cor. No. 2, identical with Cor. No. 2 of the Lee No. 2 lode of this survey.

On line 4-1 Treasure Hill Number 17# lode of this survey.

Set an iron pipe, 36 ins. long, 1 in. diam., 12 ins. in the ground to bed rock, in a mound of rock, with brass cap mkd. L-1-2-L-2-2-4883.

There are no bearing trees or objects near.

Thence S. $26^{\circ}12'$ W.,
