

Mineral Survey No. 5016

FEET

= 93°22'

True bearing to reference point

= N. 0°02' E.

The lines were measured using a LIETZ Model RED 2 electronic distance measuring meter No. 22378 with an effective range of 10,000 feet and three (3) Lietz round retro prisms were used to determine distance from the tie. The instrument and mirrors were in good condition at the time of the survey and were compared to a standard distance at the time of beginning the survey, and found to be correct.

All lines and connections of this survey were run by direct method.

Uniform declination for this survey was observed to be 17° East at each corner.

 Mineral Survey No. 5016

SLEEPER NO. 1 LODE

At the point for Cor. No. 1 of the Sleeper No. 1 lode, identical with the point for Cor. No. 1 Sleeper No. 2, Cor. No. 1 Sleeper No. 3 and Cor. No. 1 Sleeper No. 4 lodes, all of this survey. This point falls in a waste dump where it is impractical to establish a permanent monument; from this point

The cor. of secs. 20, 21, 28 and 29, T. 40 N., R. 35 E., Mount Diablo Meridian, bears S. 5°29'25" W., 6199.93 ft. dist., monumented with an iron post, 2½ ins. diam., 7 ins. above ground, firmly set, with brass cap properly mkd.
