#### Memorandum

To: Cadastral Office Section Chief

From: Chief Cadastral Surveyor for Nevada *Michael O. Hammer*

Subject: Correction to official plat and field notes, Group 959,  
T. 19 N., R. 62 E., Mount Diablo Meridian, Nevada

The cadastral staff discovered that the bearing between the 1/4 section corner of section 24 and the corner of sections 13 and 24, on the east boundary of the township, was erroneously reported as N. 0°08'10" W. on the plat and field notes accepted September 1, 2016.

The file for Group No. 959 contains the surveyor's preliminary data and the correct bearing between the corners is N. 0°08'10" E.

Therefore, you are hereby authorized to prepare an amended set of field notes and an amended plat returning the correct bearing on the north one-half mile between the 1/4 section corner of section 24 and the corner of sections 13 and 24, on the east boundary of T. 19 S., R. 62 E. The field note record and the plat data will contain a statement explaining the reason for the amendment to the official record.

## CERTIFICATE OF APPROVAL

BUREAU OF LAND MANAGEMENT  
Reno, Nevada

The foregoing amended field notes of the dependent resurvey of a portion of the east boundary, Township 19 South, Range 62 East, of the Mount Diablo Meridian, Nevada, executed by Lee T. Wilson, Cadastral Surveyor, having been critically examined and found correct, are hereby approved.
