FIELD NOTES

OF THE

DEPENDENT RESURVEY OF

MINERAL SURVEY NOS. 3962 AND 3971,

IN UNSURVEYED TOWNSHIP 5 SOUTH, RANGE 46 EAST,

OF THE MOUNT DIABLO MERIDIAN,

IN THE STATE OF NEVADA.

EXECUTED BY

Brandon K. Grace, Cadastral Surveyor

Under Special Instructions dated May 20, 2015,

and approved May 20, 2015,

which provided for the surveys included under Group No. 946,

and Assignment Instructions dated May 20, 2015.

Survey commenced May 22, 2015

Survey completed May 25, 2015

TOWNSHIP 5 SOUTH, RANGE 46 EAST, MOUNT DIABLO MERIDIAN, NEVADA

CHAINS

The following field notes are those of the dependent resurvey of Mineral Survey Nos. 3962 and 3971 in unsurveyed Township 5 South, Range 46 East, Mount Diablo Meridian, Nevada.

The north boundary (First Standard Parallel South) was surveyed by U.S. Deputy Surveyor O.E. Brashears in 1905-1906 under Contract No. 248.

The south, east, and west boundaries were surveyed by U.S. Deputy Surveyor A.R. Talamantes in 1906-1907 under Contract No. 251.

Mineral Survey No. 3962, Daisy, Last Chance and Mohawk lodes, was surveyed by U.S. Mineral Surveyor W.T. Olmstead in 1911.

Mineral Survey No. 3971, Golden Chariot No. 1, Golden Chariot No. 2 and Golden Chariot No. 3 lodes, was surveyed by U.S. Mineral Surveyor J. Hagel in 1911.

Before restoring the corners, the lines of the original surveys were retraced and a diligent search made for any evidence of the original corners and other calls of the field note records.

In order to simplify the record, the true line notes only are supplied herewith, which refer to the completed survey.

The survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions (2009) and the Special Instructions dated May 20, 2015.

Measurements were made with Trimble R8 Global Positioning System (GPS) receivers using the real-time kinematic (RTK) method. The direction of each line is with reference to the true meridian and are reported as mean bearings. The distances are reported as horizontal measurement at a mean ground elevation of 5,600 feet above sea level.

The NAD 83 (2011) (Epoch 2010.0000) geographic positions of the corners below were determined from GPS static observations processed by National Geodetic Survey, Online Positioning User Service (OPUS), utilizing Continuous Operating Reference Stations (CORS) P651 CHALFANTVACS2006 CORS ARP, P091 HUNTER MTNCS2007 CORS ARP, TONO TONO_BRGN_NV1999 CORS ARP, and carried forward by RTK observations.

The standard 1/4 section corner of section 36, T. 4 S., R. 46 E., is as follows:

Latitude 37°32'33.913" N. Longitude 116°46'38.851" W.

The standard corner of sections 35 and 36, T. 4 S., R. 46 E., is as follows:

Latitude 37°32'33.949" N. Longitude 116°47'11.782" W.

The June 06, 2015 mean magnetic declination was determined to be 12°35' E., as obtained from the National Oceanic and Atmospheric Administration's National Geophysical Data Center declination calculator.

CHAINS

Reestablishment of the Survey Executed by
U.S. Mineral Surveyor William T. Olmstead in 1911

Mohawk lode

From Cor. No. 1, Mineral Survey No. 3962, Mohawk lode, identical with Cor. No. 2, Mineral Survey No. 3962, Daisy lode, on line 3-4, Mineral Survey No. 3971, Golden Chariot No. 1 lode, determined at the center of a mound of stone, 4 ft. diam., 1 ft. high, with a wood post, 4x4x36 ins., lying loose on the mound, faintly mkd. D2 on a side and M1 on the opposite side. This mound of stone correlates well with other existing corners and is accepted as the best available evidence of the position of the original corner.

At the corner point

Set a stainless steel post, 28 ins. long, 2 1/2 ins. diam., 18 ins. in the ground, over a plastic-encased magnet, and in a mound of stone, 4 ft. base, to top, with brass cap mkd.

2015

Bury wood post alongside stainless steel post.

From this corner, Cor. No. 4, Mineral Survey No. 3971, Golden Chariot No. 1 lode, hereinafter described, bears S. 58°51'00" W., 8.559 chs. dist.

N. 58°51'00" E., on line 1-2, Mineral Survey No. 3962, Mohawk lode, identical with a portion of line 4-3, Mineral Survey No. 3971, Golden Chariot No. 1 lode.

8.10 Trail road, 15 lks. wide, bears SE. and NW.

8.459 Cor. No. 2, Mineral Survey No. 3962, Mohawk lode, identical with Cor. No. 1, Mineral Survey No. 3962, Last Chance lode, on line 3-4, Mineral Survey No. 3971, Golden Chariot No. 1 lode, determined at the center of a mound of stone, 6 ft. diam., 1 ft. high, with a wood post, 4x4x30 ins., lying loose on the mound, faintly mkd. 3962 on a side and M2 on the adjacent side. This mound of stone correlates well with other existing corners and is accepted as the best available evidence of the position of the original corner.

At the corner point

Set a stainless steel post, 28 ins. long, 2 1/2 ins. diam., 23 ins. in the ground, over a plastic-encased magnet, and in a mound of stone, 6 ft. base, to top, with brass cap mkd.

T. 5 S., R. 46 E., MOUNT DIABLO MERIDIAN, NEVADA

CHAINS

2015

Bury wood post alongside stainless steel post.

From this corner, the location discovery monument of this lode, monumented with a mound of stone, 4 ft. diam., 1 ft. high, with a wood post, 4x4x36 ins., lying loose on the mound, with a faint illegible mk., bears S. 3°01'50" E., 11.113 chs. dist. (Record: S. 3°32' E., 735.5 ft. dist.).

From this same cor., the SE. corner of an old stone retaining wall, 2 ft. high, bears N. 43°43'30" W., 1.744 chs. dist.

S. 26°04'00" E., on line 2-3, Mineral Survey No. 3962, Mohawk lode, identical with line 1-4, Mineral Survey No. 3962, Last Chance lode.

21.111

Cor. No. 3, Mineral Survey No. 3962, Mohawk lode, identical with Cor. No. 4, Mineral Survey No. 3962, Last Chance lode, determined at the center of a mound of stone, 3 ft. diam., 1 ft. high, with a wood post, 4x4x30 ins., lying loose on the mound, mkd. LC4. This mound of stone correlates well with other existing corners and is accepted as the best available evidence of the position of the original corner.

At the corner point

Set a stainless steel post, 28 ins. long, 2 1/2 ins. diam., 25 ins. in the ground, over a plastic-encased magnet, and in a collar of stone, with brass cap mkd.

2015

Bury wood post alongside stainless steel post and raise a mound of stone, 4 ft. diam., 2 ft. high N. of corner.

S. 58°51'00" W., on line 3-4, Mineral Survey No. 3962, Mohawk lode.

CERTIFICATE OF SURVEY

I, Brandon K. Grace, Cadastral Surveyor, HEREBY CERTIFY upon honor that, in pursuance of special instructions bearing date of the 20th day of May, 2015, I have dependently resurveyed Mineral Survey Nos. 3962 and 3971, in unsurveyed Township 5 South, Range 46 East, of the Mount Diablo Meridian, in the State of Nevada, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.

JUL 29 2015

(Date)

Brandon K. Grace

(Cadastral Surveyor)

CERTIFICATE OF APPROVAL

BUREAU OF LAND MANAGEMENT
Reno, Nevada

The foregoing field notes of the dependent resurvey of Mineral Survey Nos. 3962 and 3971, in unsurveyed Township 5 South, Range 46 East, of the Mount Diablo Meridian, Nevada, executed by Brandon K. Grace, Cadastral Surveyor, having been critically examined and found correct, are hereby approved.
