

size, dug trench and pits. Planted stone on top, 22 x 11 x 9 inches, deeply marked on the north face "I" on the South "N" on the East 151 M on the West 42. T.

151 M

Could get no bearings.

Land rolling. Soil stony and miserable.

Thence to end of 80 chains and 152nd mile.

Built mound of stone of prescribed size, dug trench and pits. Placed Stone on top size 22 x 14 x 10 inches; deeply marked on the north face "I" on the South "N" on the East 152 M on the West 42. T.

152 M

Land worthless.

Could get no bearings.

152 M 72 c

IDAHO x

OREGON

Boundary

At 152 M 72 chains struck boundary line between Idaho and Oregon and 4 chains South of corner monument as established by myself in 1868. Monument in excellent condition. Apportioned off at rate of 25 links per mile this difference between the two determinations. Thence to end of

153 M

80 chains, did not erect mound for 153rd mile. Compared chain with standard and found it correct.

Ran over rising sage brush hills to end of 80 chains and 154th mile in low flat between hills. Built mound of earth and stone of prescribed size, dug trench
