

Fractional T. 33 S., R. 65 E.

| | |
|---------|---|
| Chains. | <p>The survey was executed with a light- mountain solar transit made by Buff and Buff, Serial No. 10125, constructed in accordance with the standard specifications of the General Land Office. The instrument and determination of the California-Nevada State Boundary are described in the field notes of the Portion of the California-Nevada State Boundary resurveyed under this group.</p> <p>The directions of the surveyed lines are determined by deflection from the state boundary or from other lines whose directions were so determined. At each point of intersection with the state boundary the direction of the closing line was verified by deflection from the line of the boundary.</p> <p>The measurements were made with a Dietzgen steel tape 5 chs. in length, graduated every link for the first 100 lks. and the balance at intervals of 10 lks. The tape was tested by comparison with a Lufkin standard and found correct. The measurements were made on the slope, the vertical angles were determined by the transit or clinometer in good adjustment; the field notes show the horizontal equivalents.</p> |
| 10.99 | <p>Beginning at the closing cor. of frac. secs. 25 and 30 on the E. bdy. of the Tp., which is an iron post, 2 ins. diam., 8 ins. above ground, firmly set, marked and witnessed as described in the official record.</p> <p>S. 1°55' W., on a random line bet. secs. 25 and 30.</p> <p>The original cor. of secs. 25, 30, 31 and 36, which is a granite stone, 14x11x8 ins. above ground, marked with 5 notches on N. and 1 notch on S. side, and witnessed by a mound of earth W. of cor.</p> <p>Thence from cor.</p> <p>South on a random line bet. secs. 31 and 36.</p> |
| 39.91 | <p>A point 9 lks. W. of the original $\frac{1}{4}$ sec. cor., which is a granite stone, 14x8x5 ins. above ground, marked $\frac{1}{4}$ on W. side, and witnessed by a mound of stone W. of cor.</p> <p>I obliterate the marks on this corner and scatter the mound of stone.</p> <p>Continue line and measurement South bet. secs. 31 and 36.</p> |
| 59.28 | <p>Intersect the Von Schmidt State Boundary at a point from which the 610 mile cor. bears N. 45°55' W., 53.22 chs. dist.; an iron post, 3 ins. diam., 3 ft. long, set in a mound of stone, 5$\frac{1}{2}$ ft. base, 3 ft. high, marked and witnessed as described in the official record.</p> |
| 60.39 | <p>A point 11 lks. W. of the original closing cor. of frac. secs. 31 and 36, Tps. 33 S., Rs. 65 and 66 E., which is a granite stone, 20x14x8 ins. above ground, marked CC on S. side, and witnessed by a mound of stone N. of cor.</p> <p>I obliterate the marks on this corner and scatter the mound of stone.</p> |
