

Resurvey of a Portion of the North Boundary of  
T. 18 S., R. 50 E.

|        |                                                                                                                                                                                                                                              |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| chains | From the cor. of Ts. 17 and 18 S., Rs. 49 and 50 E.; herein-<br>after described.                                                                                                                                                             |
|        | East, on a random line bet. secs. 6 and 31.                                                                                                                                                                                                  |
| 38.40  | Record dist.; find no trace of $\frac{1}{4}$ sec. cor.; set temp. cor.                                                                                                                                                                       |
| 78.40  | Record dist.; find no trace of cor. of secs. 5, 6, 31 and 32.<br>Set temp. cor.                                                                                                                                                              |
|        | Continue line and measurement on N. bdy. secs. 5, 4, and 3,<br>making diligent but futile search at record intervals for<br>evidence of original cors.                                                                                       |
| 319.63 | A point 363 lks. N. of the cor. of secs. 2, 3, 34 and 35; a<br>mesquite stake 3 ins. sq., 2 ft. long, lying on a mound<br>of earth and marked with 4 notches on W. and 2 notches on<br>E. side. No other marks legible.<br>At point for cor. |
|        | Set an iron post 3 ft. long 2 ins. diam., 20 ins. in the<br>ground to bedrock, with the original stake set alongside,<br>for cor. of secs. 2, 3, 34 and 35, with brass cap mkd.                                                              |
|        | T17S R50E<br>S34 S35<br>S3 S2<br>T18S<br>1933                                                                                                                                                                                                |
|        | dig a circular<br>trench 8 ft. diam. and pile the dirt around post to top.                                                                                                                                                                   |
|        | Thence, N. 89° 21' W., on blank line on N. bdy. secs. 3, 4 and<br>5.                                                                                                                                                                         |
| 240.93 | Proportional dist.; set an iron post 3 ft. long 2 ins.<br>diam., 28 ins. in the ground, with broken glass deposited<br>at the base, and in a mound of earth to top, for cor. of<br>secs. 5, 6, 31 and 32, with brass cap mkd.                |
|        | T17S R50E<br>S31 S32<br>S6 S5<br>T18S<br>1933                                                                                                                                                                                                |
|        | Thence, N. 89° 21' W., on true line bet. secs. 6 and 31.                                                                                                                                                                                     |
|        | Over nearly level land, thru light undergrowth.                                                                                                                                                                                              |
| 40.15  | Proportional dist.; set an iron post 3 ft. long 1 in.<br>diam., 27 ins. in the ground, with broken glass deposited<br>at the base, and in a mound of earth to top, for $\frac{1}{4}$ sec.<br>cor., with brass cap mkd.                       |
|        | $\frac{1}{4}$ S31<br>S6<br>1933                                                                                                                                                                                                              |
| 78.70  | The cor. of Ts. 17 and 18 S., Rs. 49<br>and 50 E.; a concrete block, 8 ins. sq., 8 ins. above<br>ground, with inset brass cap, 4 ins. diam., marked:                                                                                         |
|        | T17S<br>R49E R50E<br>S36 S31<br>S1 S6<br>T18S<br>1926                                                                                                                                                                                        |
