

West bdy. of T. 28 N. R. 20 E.

Chains

Sept. 11, 1911. At 8 a.m., l.m.t., I set off 40° 16' on the lat. arc, 4° 51½' N. on the decl. arc, and determine a meridian with the solar at the C.C. of secs. 25 and 30, on line bet. Rgs. 19 and 20 E., T. 28 N., on reservation bdy., which is S.14°52'W., 13.40 chs. from the 85th M.P.
The original field notes report this cor. 43.15 chs. N. of the cor. of secs. 25, 30, 31 and 36.

Thence I run

North on a random line bet. secs. 25 and 30.

36.85 No trace of the old cor. of secs. 19, 24, 25 and 30.
Set temp. cor.

From the temp. cor. of secs. 19, 24, 25 and 30, I run North on a random line bet. secs. 19 and 24.

40.00 No trace of the ¼ sec. cor. bet. secs. 19 and 24.
Set temp. ¼ sec. cor.

80.14 Falls 6 lks. E. of the old cor. of secs. 13, 18, 19 and 24, which is a wooden post 2x2x12 ins. above ground, notched 3 on S., and 3 on N. No trace of pits and mound.
This post is badly decayed. I therefore replace it with an iron post. Since my surveys on the east will not conform to this cor., I mark the iron post for the cor. of secs. 13 and 24, T. 28 N. R. 19 E. only:

T 28 N S 24 in SW, quadrant
R 19 E S 13 in NW. quadrant
3 notches on N. and S. edges

Dig pits 24x24x12 ins., in each sec. 6 ft. dist., and raise a mound of earth 4 ft. base, 2 ft. high, W. of cor.

Returning to the C.C. of secs. 25 and 30, on reservation bdy., thence I run

N. 0° 02' W. on a true line along the E. bdy. of sec. 25.
Over gently rolling land.

36.89 Set an iron post for the cor. of secs. 24 and 25, T. 28 N., R. 19 E., with brass cap stamped

T 28 N. S 25 in SW. quadrant
R 19 E S 24 in NW. quadrant
2 notches on S. and 4 on N. edge
