

## Pyramid Lake Indian Reservation Boundary

## Chains

May 9, 1912.

The instrument was examined and tested on a meridian established in T. 24 N., R. 23 E., on May 8, 1912, and found to be correct.

May 9, 1912. At 8 A.M., L.M.T., I set off  $39^{\circ} 54'$  on the lat. arc,  $17^{\circ} 23\frac{1}{2}'$  N. on the decl. arc, and determine a meridian with the solar, at the  $24\frac{1}{2}$  Mile Post, previously described, in notes of N. bdy. of T. 23 N., R. 23 E.

Thence I run

N.  $19^{\circ} 30'$  W. on a random line along the reservation bdy. on the 25th mile ( $N.\frac{1}{2}$ ).

7.37 Falls 2 lks. to the right of the C.C. of Tps. 23 and 24 N., R. 23 E., previously described.

39.94 Falls 12 lks. to the right of the 25 Mile Post, which is a volcanic stone  $14 \times 12 \times 8$  ins. above ground, firmly set, marked 25 M on S. face, P L on E. face, and witnessed by a mound of stone.

Returning to the  $24\frac{1}{2}$  Mile Post, thence I run

N.  $19^{\circ} 40'$  W. on a true line along the reservation bdy., on the 25th mile ( $N.\frac{1}{2}$ ).

Over rolling land.

7.37 The C.C. of Tps. 23 and 24 N., R. 23 E.

39.94 The 25 Mile Post, hereinbefore described.

West of and alongside the stone, set an iron post for W.C. to the 25 Mile Post, with brass cap stamped

25 M P P L I R in W.  
P L in E.  
W C 1912 in S.

Land, rolling, - grazing.  
Soil, sandy, 3rd rate.  
No timber.

-----  
From the 25 Mile Post, I run

N.  $19^{\circ} 30'$  W. on a random line along the reservation bdy., on the 26th Mile ( $S.\frac{1}{2}$ ).
