

T. 45 N. bet. Rgs. 51 and 52 E.

Chains

39.98 Falls 13 lks. W. of closing corner of T. 45 N. R. 51 E., which is a stone 5x6x8 ins. above ground, properly marked and witnessed by a mound of stone SW. of corner.

June 22, 1911.

Retracement of the 9th Standard Parallel through Ranges 50 and 51 E.

June 23rd 1911: At 8 a.m., l.m.t., I set off 41° 51' on the lat. arc and 23° 27½' N. on the decl. arc and determine a meridian with the solar at the closing corner of T. 45 N. R. 51 E.

Thence I run

West on a random line along N. bdy. of sec. 1

Over rolling prairie.

12.64 Reported dist. to S.C. of T. 46 N. Rgs. 51 and 52 E.

Make diligent search but fail to find any trace of cor.

Therefore I continue line

West along N. bdy. of T. 45 N. Rgs. 50 and 51 E., making diligent search for all corners at reported distances but fail to find any trace of same. And at 11 miles and 68.00 chs. falls 3.74 chs. S. of the closing cor. of T. 45 N. Rgs. 49 and 50 E.

From the C.C. of T. 45 N. Rgs. 49 and 50 E.

I run West

19.66 The reported dist. to the S.C. of T. 46 N. Rgs. 49 and 50 E., however after diligent search I fail to find any trace of same.

At this point I set a temp. stake and proceed westward, and at

28.33 Falls 25 lks. S. of S.C. for T. 46 N. Rgs. 49 and 50 E., which is a stone properly marked and witnessed.

To verify this cor., I proceed West from this S.C. and at

40.21 Falls 25 lks. S. of stone, mkd. plainly on N. face S.C. ¼ and witnessed by a mound of stone on N.
