

Township 32 N Range 34 ~~W~~

About Drabbs Meridian

chains I adjust my Instrument to a variation of  $17^{\circ}23'E$ . Being the same variation used by me in running the Exterior Boundaries of this Township.

Subdivision Commenced  
February 1<sup>st</sup>, 1864

---

As the South Boundary of this Township has not been established as it falls in the Humboldt Range of mountains I begin at corner sec<sup>s</sup> 12, 13, 7 and 18 on East Boundary of Township and run

West on a true line:
