

Township 19 N. Range 22 East.

Mount Diablo, meridian

I find the East and South Boundaries of Sp. 19 N. Range 22 East, impracticable on account of high, rocky and precipitous mountains & deep cañons. I therefore omit running the same.

There is no land in this Township susceptible of cultivation except a portion of Sec. No. 6. —

The balance is mountainous, broken & rocky. Soil poor & destitute of water & vegetation.
