

Subdivision Lines T 10 N R 24 E

I am now to test the adjustment of my transit to the proper N. I commenced at the cor. to T 10 N R 24 & 28 E and ran North on a blank line over the E bound-
ary of Sec 36 T 14 E

at 400. ^{or} 1/4 Sec cor is 3 lines to E and at 49.98 the cor to Sec 25 & 36 is 3 lines N

The variations will therefore be near correct as may be seen. Therefore assume those readings given on S boundaries of Township

Subdivision commenced
April 1st 1869.
