

31
43 Ruby Valley Guide Meridian
General Description

The Ruby Valley Guide Meridian running North from the 7th Standard, passes over high rocky mountains, covered with Sage brush and destitute of timber or minerals until it reaches about the Corner to Townships 37th and 38th North, Ranges 55th and 56th East. Thence it runs over hilly ground covered with Sage brush and bunch grass, and unfit for cultivation to the Corner to Townships 38th and 39th North, Ranges 55th and 56th East.

If extended North from this Corner it would pass for two or three miles over high hills and thence over high rocky precipitous mountains,
