

172⁵, 36 N - W 50 E - M. D. M

Impossible to run the Northern and Eastern boundaries of this Township they passing over high, rocky, precipitous mountains of the Maggie Creek range rendering it impossible to measure the lines and establish the corners thereon.

For notes of the West and South boundaries see field notes of T 36 N - W 49 E and of the 7th Standard

General Description

The South West part of this Township is low rolling hills covered with thick bunch grass and is very fine grazing land with several fine Springs and portions of it suitable for cultivation -

Modes Creek runs through the SW part of the township in a course West of North and flows water at all seasons -

The balance of the township is hilly and
