I carefully examined the adjustments of my solar compass to-day, particularly the latitude and reversing apparatus, and found them correct. July 19. 1881.

Before proceeding ~~to subdivide this Tp.~~ ^{further with the reversings of} I made a change of 5 minutes in the latitude arc of my solar compass by adding same to the reading previously given, and at noon verified ~~and corrected~~ same by observation on the sun. I also further tested instrument by reversing.
