

Survey made with Burt's Patent Improved Solar Compass, nearly new, and in first rate order. Made by M. G. L. Gurley of Gray N. J. in 1881 Before proceeding further with the exteriors of this Tp., I carefully examined the adjustments of my solar compass to day, particularly the latitude and reversing apparatus, and found them correct.

I took the latitude and found it to be 350 53' North I then proceed to survey as follows:
