

Surveys were made with a
 Burt's solar compass made
 by John Koch of San Francisco
 Cal. This instrument was
 examined Oct 23rd 1880 for
 M. F. Benson of course since
 him some on July 28th 1881
 I set my instrument at
 Corner to T. 19020. S. R 58059 E
 & carefully examined it in
 all its adjustments & found
 it correct.
