

Survey made with Burl's Patent Improved Solar
Compass nearly new and in first-rate order. Made by

John Roach of San Francisco

Instrument examined and compared with the true
Meridian at Virginia City June 20th 1881 and
found correct.

I set my instrument at the ^{Standard} Cor. to Twp. 26 N Rgs. 36
40⁰⁰ 31' E. I took the latitude and found it to be

40⁰⁰ 03' N. I carefully examined all the adjust-
ments and found them correct.
