

N. B. T. 27 S., R. 60 E., Mt. D. M.

Chains.

Before proceeding further with the exteriors of this Twp., I made a change of 5 minutes in the latitude arc of my solar compass by adding same to the reading previously given, and at noon verified and corrected same by observation on the sun. I also further tested instrument by reversing.

I took the latitude and found it to be  $35^{\circ} 37' N.$   
 From the Cor. to Tps. 26 & 27 S., Rs. 59. & 60 E.,  
 I run East. on a random line on N. B. of Tp.

Va. 15000' East.

I set temporary corners at every half mile, and at 5 miles  
 79.50 chs. I arrive at a point 40 lks. North of Cor. to Tps,

26<sup>th</sup> & 27<sup>th</sup> N., R. 60<sup>th</sup> & 61<sup>st</sup> E., which is  
 a granite stone, with a stone mound  
 along side. From which corner I run.

$N. 89^{\circ} 57' W.$  on a true line between sections 1<sup>st</sup> and 36.

Va. 15000' East.

Over rolling land.

32.00 Cross Wash, 100 lks. wide, Course N. W. and descend.

40.00 Set a granite stone  $15 \times 12 \times 10$  ins., 10  
 ins. in the ground, for  $\frac{1}{2}$  Sec. Cor., marked  $\frac{1}{2}$  on N.  
 face, and raised a mound of stone alongside. Pits  
 impracticable.
