Survey made with Burt's Patent Improved Solar
Compass, nearly new, and in first rate order. Made
by W. & L. E. Curley, of Troy,
N. Y. in 1881

Before proceeding to subdivide this Tp., I made a
change of 5 minutes in the latitude arc of my
solar compass by subtracting same from
the reading previously given, and at noon verified
and corrected same by observation on the sun. I also
further tested instrument by reversing.
