

Chains.

Survey Commenced  
 September 9th 1884  
 With a Burt improved  
 Solar Compass  
 Vertical angles measured  
 with an Abney Clinometer

I begin at the Standard  
 Corner to sections 33 + 34  
 which is a Stone marked  
 S.C. with 3 notches <sup>on E</sup> and 3 notches  
 on west edges, and mound  
 of stone -  
 thence I run
