Range

Meridian

From which marked stake I run
N. 18° E. Va. $16^{\circ} 70'$ E.

556.40

On the 10 Station 7
As I found no trace of Mon-
roe's Monument after dili-
gent search I established
Station 7 by setting Gran-
ite stone $18 \times 9 \times 8$ ins 12 ins.
in ground marked S. 7 on
East face W. L. & R on W
face and raised mound of
lime around monument
5 ft in diameter at base
& 4 ft high. Placed stone
in W face of mound also
marked S. 7 W. L. & R.

Calculated distance in miles
from monument ^{Sta. No. 1} find that Station 7 should
be at 56 miles 38.50 chs
from ^{said} Station 1

From Station 7 as above de-
scribed I run S. 18° W. Va.
 16° E. On 57th mile

Ascend

1.50

Set Granite Stone $20 \times 12 \times 9$ ins.
