

Exhibitors

4th Standard p. 11

T 20 N R 28 E Sec 2

In subdividing Township
20 N Range 28 E, and
running the line north bet
Sec 1 and 2, I was unable
to find the Standard Cor to
Secs 35 & 36 Township
20 N Range 28 E on
which to measure and
connect closing Cor.

I found the Standard
1/4 Sec Cor on S boundary
of Sec 35 which is a post
4 ft in square firmly set in
the ground and marked

S. C. 1/4 S on its face from which

I run

East on S boundary of Sec 35

Variation 17.45 E

40.00 Set a post 4 ft long 4 in square
