T 21 N R 28 E

Before subdividing this Township I made a thorough examination and search, by compass and measurement along the West and North boundaries of Tp and found no corner on either of said boundaries, upon which to close the subdivision lines

I therefore  
re-surveyed the same as  
follows.

Survey commenced  
January 31. 1888

It begins at the  
Standard cor. to Tps 21 N  
Rs 27 & 28 E. which is a  
part of this square set in the  
ground Marked
