Survey commenced with a
Gurley Solar Transit Nov. 17
1887.

On the night of Nov. 18th 1887.
I took an observation of the star
Polaris in accordance with in-
structions contained in the "Manu-
al of Survey, and from pickets
on the meridian thus estab-
lished.

Before commencing this survey
I put my transits on the meri-
dian by established and
find them to be correct.

Referring to Special Instructions
of Nov. 15th 1887.

From the Standard Cor. to Sp.
41, N. R. 60 + 61 E. re established
by me under this contract.

I am

Yours very truly
