

Standard Parallel North through Range 36 E.

Chambers

On the night of Aug 21st 1888 I took an observation on the Star Polaris in accordance with instructions contained in the Manual of Surveys and drove pickets on the line thus established.

Survey commenced Aug 22^d 1888 with a Gurley's Solar Transit and properly tested Steel Chain

Before commencing this survey I test my compass on the line established last night and find it correct

I begin at the Standard Cor to Tps 36 N R's 36 & 37 E which is described,

Thence I run
