

## Exteriors T36 N. R 36 E

On the night of Aug 2<sup>d</sup> 1888, I took an observation on the star Polaris in accordance with instructions contained in the Manual of Surveys and drove pickets on the line thus established Survey commenced Aug 24<sup>th</sup> 1888 with a Gualy's Solar Transit and properly tested Steel Chain.

Before commencing this survey I test my compass on the line established last night and find it correct.

From the cor to Tps 36 & 37 N. Rs 35 & 36 E on the North boundary of the Township I run East on a random line bet. said townships, the variation of my compass being  $18^{\circ}00$  E. I set temporary half mile and mile corners at each 40 and 80 chs and find the township line to be 5 miles
