

Exteriors T 37 N. R 35 E. (cont.)

chains On the night of the 2nd of Oct. 1888 I took an observation on the star Polaris in accordance with instructions contained in the "Manual of Surveys" & drove pickets on the line as established. Survey commenced Oct. 3rd 1888 with a Gurley's Solar Transit & steel chain.

Before commencing this survey I lost my Inset on the line established. Last night I find it correct.

I begin at the cor to Tps. 36 + 37 N. R 34 + 35 E. & run North on the W. bdy of Tps. - Bet. secs. 31 + 36

Naz $17^{\circ} 45' E.$
