

384. B.

Exteriors T 34 N. R. 59 E. W. D. M.

From the $\frac{1}{4}$ sec. cor. on the S. bdy. of sec. 34 which is a post firmly set as described in the notes furnished by the Surveyor General I run East on a random line on the South boundary of Tps. 35 N. R. 59 E. and at 2 miles 51 chs. and 50 links I find the N. W. corner to Tps. 34 & 35 N. R. 60 E. as established by me to be 9 chains & 76 links South.

I therefore set a closing corner at this point as follows and establish my random for the true line according to instructions.

Set a rock 18 X 12 X 10 inches 12 inches in the ground for closing corner to Tps. 34 & 35 N. R. 59 E. marked C. C. on East with 6 grooves on N. S. & N. faces and raised a mound of stone 2 ft high 4 ft. base alongside. Pits impracticable.
