

## General Description

The surveyed portion of this Tp consists of rolling hills covered with dense Sage brush bunch and rye grass. The unsurveyed portion while not adapted to agriculture affords fine pasture. It is an excellent summer range. Ratabaga Creek which runs thro Secs 19, 30, 31 is a living stream. Hopkins ranch lies in Sec. 19.

On the East Secs 26 & 36 are well watered by Roberts Creek a large living stream. part of J. G. Lord's ranch lies in Sec. 26.

The Northern half of this Tp is very mountainous.
