

South boundary of 18 N. R. 51 E.

A. 7 a.m. June 1st 1893 I find by observation on the line run by me for the East boundary of Township 18 N. Range 50 East. M. D. N. the Variation to be $16^{\circ} 55'$. From the corner to Townships 17 & 18 Ranges 50 & 51 I run 89.58 with Var. $16^{\circ} 55'$ on a blank line between sections 6 & 31 and at 40.00 after diligent search was unable to find any trace of the 14 sec. cor. but at 79.04 find the sec. cor. to be 21 links S.

I continue on the line and find the old line incorrect as to course and distance with some corners nearly obliterated but at 6 miles and 1 chain find the corner to Tps. 17 & 18 R. 51 & 52 to be 1 ch. & 26 links S.

As Township 17 N. R. 51 E. has not been subdivided and consequently no subdivision lines have been closed on this South boundary I resurvey the same as follows.
