

South Boundary $\frac{1}{2}$ Sec 32 N. R. 35 E.

Being unable to find the Cor. Com-
mon to Secs 32 & 33 on S line
of $\frac{1}{2}$ Sec. and judging from the
topography of the South line of
 $\frac{1}{2}$ Sec. 32 N. R. 35 E. that the South
line of Section 32 had not
been run I go to the Cor to
Sections 31 & 32 on South line
of $\frac{1}{2}$ Sec. which is a willow stake
properly marked set in a mound
of earth with pits in each sec.
Thence I run East over
rolling ground on South line
Section 32.

Ascend gently
