

N. boundary of T. 37 N. R. 54 E.

From the corner to Tps 36th / 37th N. R. 53 + 54 E I run E on a random line bet Ranges Townships 36 + 37 setting temp. bars at 40 + 80 chs and at 160 chs. 47 lks intersect 28 lks S of cor to sec. 4, 5, 32 + 33 which is a rock firmly set + properly marked + witnessed agreeing with Surveyor General's field notes.

Thence I run

$S 89^{\circ} 54' W$ on true line bet sec. 5 + 32.

At this point on June 16th at 0^h. 1^m p. m. l. m. I set of $83^{\circ} 24'$ cl. on the decl. arc and observe the sun on the meridian.

The resulting latitude is $41^{\circ} 6' N$.
