

Subdivisions of T4N R. Q58E.

The township of the Eighth Standard having been surveyed & closures made upon it I am unable to correct its alignment. It becomes necessary therefore to run a sectional correction line.

I move the Standard Cor to Secs. 35 & 36, 1 ch 66 lks E making the South boundary of sec. 36. 77 chs 44 lks = 180 chs - Easting of East boundary, & the $\frac{1}{4}$ sec cor on S bdy of sec. 36. to a point 40 chs East of the amended Sec. cor. setting a volcanic rock 16x10x4 ins. 11 ins in the fr $\frac{1}{4}$ S. C. marked $\frac{1}{4}$ S. Cor N face and raised a mound of stone 3 ft. base 2 ft. high N of corner.
